EASTERN DATES TO APRIL 27

Candidates at Cincinnati

CHICAGO, April 2[illegible] —The Cincinnati Convention is the [illegible] topic in all political paper circles and the interest extends in a great degree to the people generally. The opinions of leaders of the liberal movement as to the result of the Convention differ as widely as their differences for candidates. There seems to be however almost entire unanimity among Democrats that Charles Francis Adams' nomination will insure the defeat of the nominee of the Philadelphia Convention by as large a majority as was ever given to a Presidential candidate, and the general opinion appears to be that [no] other nomination would be stronger in Illinois. Neither Senator Trumbull nor Greeley will be present—the former pleading press of public business and the fact that his name has been so frequently used in connection with the nomination. It is asserted in some quarters that Greeley's name will not be last in the list of candidates for the Presidency, and one correspondent says the New York delegation will support him unitedly, and some are even of the opinion that the contest will be between him and Davis. Halsted of the *Commercial* and Harsore of the *Volksblatt* openly declare that they will not support Davis if nominated, and from the tone of reported conversations of these gentlemen it would appear that they will support nobody but Adams. Newspaper men are already in the field—all leading newspapers being represented

The Indian Territory Murders.

ST LOUIS, April 27 —The *Cherokee Advocate* official organ of the Cherokee nation asserts that the attacking party in the recent bloody affair at Going Snake Court House was the Marshal's posse, and that the Sheriff's guard did not fire until the prisoner on trial was dead. The assault was made by Beck a Cherokee interested in the prosecution of the prisoner. The Sheriff of Going Snake District made a lengthy and circumstantial report of the affair, and attached the entire blame of the massacre to the Marshal's party

The Mob in Cass County, Missouri

HOLDEN (Mo), April 25 —There is the greatest excitement here to-night on account of repeated threats of a mob in Cass county. Squads of suspicious characters have been seen within a few miles of town. It is not known at what moment there may be an attack. A number of patrolmen are stationed at different points and citizens are on the alert and will defend their homesteads to the utmost. W B Nichols one of the alleged bond robbers, lives here also about twenty five of his bondsmen who are among our best citizens

Miscellaneous News

DAVENPORT, (Conn) April 26 —A dreadful case of infanticide and suicide has occurred here. A Mrs Malden drowned her fourteen month babe in a barrel of water and then held her own head under the water until she too was dead. She had always lived happily with her husband who is almost crazy with grief

MEMPHIS April 26 —Dr Wm Dameron to day shot Bennett Jones dead in the street. Cause the alleged seduction of his wife

NEW YORK, April 26 —In the town of New Scott New York, this morning the dwelling of one Volger was burned. Volger's mother father in law and four children perished. Volger his wife and one child escaped

ST LOUIS, April 27 —Gov Brown to day issued a proclamation ordering the Cass county mob which murdered Judge Stephenson Cline and Dutron on the railroad train at Queen City on Wednesday, to be dispersed and enjoining on all law abiding citizens to assist in bringing the violators of law to justice

Our Indirect Claims.

NEW YORK, April 2[illegible] —The *Times* Washington special says the sensational dispatch reported as sent hence recently regarding the action of our Government on the question of indirect claims, is utterly without authority and substantially without truth. The position of the Government is unchanged. The claims will not be withdrawn unless England grants the point involved in the settlement of the question. Our Government never expected to procure damages but it believes it had a right to present the question and have it decided.

WASHINGTON CITY

Congressional

WASHINGTON, April 27 —The Postal Appropriation bill reported by Windom from the Senate Committee on Appropriations has been before the House for doubling the China mail service and subsidy but the amendment as proposed by the Committee on Postoffice and Postal Roads is put into the bill with an important change discovered only to day since the bill was printed. It consists in substituting for the word San Francisco the words "some port of the United States on the Pacific Coast" so that as it is reported by the Senate Committee on Appropriations the bill appropriates one million dollars for steamship service between some port of the United States on the Pacific coast and some port in Japan and China, and directs the Postmaster General to contract for the term of ten years for carrying a semi monthly mail on the said route at a compensation not to exceed the rate per voyage the Government now pays for monthly service on the same conditions and limitations as are prescribed by existing acts of Congress in reference thereto and contracts made in pursuance thereof. The amendment contains a proviso as to the size of steamships to be hereafter accepted for such service with the right of the Government to use them in time of war etc. The California representatives assert that the effect of the new amendment will be to leave the selection of American ports optional with the Postmaster General, and also allow him to contract with some steamship company other than the Pacific Mail Steamship Company, running steamers perhaps to the terminus of the Northern Pacific Railroad on Puget Sound in Washington Territory. The California representatives also assert that the proposition is in the interests of the Northern Pacific company as against those of San Francisco and of the Pacific Mail line and will therefore be opposed by them in the House with the utmost determination

Wheeler gave notice that he would next Monday move to suspend the rules and take up the Senate bill in relation to the Texas Pacific railroad

The House then went into Committee of the Whole on the Tariff bill. The general debate is to close next Friday

Terrible Eruption of Mt Vesuvius

[illegible] April 26 —In the Chamber of Deputies this evening Prime Minister Lanza read a dispatch dated Naples this afternoon saying that the eruption of Vesuvius is increasing and becoming more serious. The bay is covered with boats filled with spectators. The scene is indescribably grand and terrible. The flames sometimes shoot to a great height, and masses of rock are ejected. Earthquake shocks are distinctly felt here

LONDON April 2[illegible] —A Naples correspondent telegraphs that he has visited the hotels of that city to ascertain if any of their guests are among the injured by the eruption from bruises and learned that none were missing. Fatalities were confined to residents of villages on the side and base of the volcano. The eruption of Mount Vesuvius continues with dreadful violence. Lava streams have already reached Sabastian and threaten other towns. Volcanic explosions are constantly heard in Naples. The consternation among inhabitants of villages and towns increase. It is reported that many tourists were surrounded by lava and perished. King Victor Emanuel has sent aid to persons who have been compelled to flee from their homes and encamp on the fields

From San Francisco.

SAN FRANCISCO April 27 —The St Louis railroad delegation was warmly welcomed on its arrival at the Occidental Hotel last night at 11 o'clock. Chris Andres' band gave them a serenade when Hon W L Mixner introduced Hon. Joseph Brown of St. Louis, who addressed the audience from the balcony, saying it was not his intention at this time to make a speech but he hoped that a new railroad would be built and that Goat Island not be in the way [Great Laughter] That there would be no more snow blockades to encounter, and that San Francisco would be made the terminus. In conclusion he returned thanks to the citizens for the courtesies extended to the party by their committee. Another member of the party then bid them good night.

Senator Maclay then proposed three cheers for the Atlantic and Pacific Railroad and the St Louis delegation, which were given with a will when the crowd dispersed

In looking over the papers the officers found naturalization papers for Grace, purporting to have been issued from the 12th District Court but which the Clerk of the Court declared he never signed. The handwriting is said to be that of Brannan and a charge of forgery has been made against him, and also against Grace. It is also found that Grace voted at the last election, and a further charge of illegal voting is made against him

General Pope was telegraphed to for assistance, and Lieutenant Quimby, with fifteen men, was ordered from the fort. When the agent left, Quimby had arrived and notified the outlaws to leave the Territory or suffer the consequences, but they still refused, and a collision between them and the military was imminent

Sargent who begins to wince to day, in the House, after the assault of the San Francisco agent of the associated press, sought again to justify himself, saying he had favored the Goat Island proposition from general commercial considerations. He believed it important for San Francisco whatever local speculators might think, that the harbor should be crowded with the fleets of commerce, and the city should grow great by commerce and manufactures. Legitimate means should be used to build up great cities, instead of sitting as tax gatherers on commerce at the Golden Gate. He cited the *Bulletin* as an undoubtedly reliable journal, to show that nobody had been burned in effigy

SALT LAKE, April 28 —At the Mormon Conference this morning and afternoon, about 8,000 people were present, including a large number of Gentiles. Brigham Young discoursed at length, thanking God that he was permitted to be with his people again, and hoped the time would come when he would have the opportunity, before a court of justice of proving the falsity of the charges against him. He defied all the people of the world to show anything against his general character. He was glad that neither his or his brethren had the power of God until wisdom wills or they might be led to destroy all their enemies. He should demand from those who had been prosecuting him all the papers connected with the cases that he might positively know who their benefactors were. He praised the Deputy Marshal who had him in charge, and denounced the lawyers and the Saints who had not paid tithing promptly, and finally, with his blessing closed the Conference until next October

This was a big race, fully $30 000 being bet on it. All the knowing ones are cleaned out. Defiance having been the favorite, Longfellow second, Mayo third, and St Clair selling in pools for a mere trifle, say fifty in one thousand dollars in the pool. POLITICAL NOTES

The two Republican Central Committees of Dakotah have united in a call for a Territorial Convention at Canton, on Tuesday, May 22d, to nominate Congressional delegates and Territorial officers, and choose delegates to the National Republican Convention

It must be encouraging to the readers of Democratic papers to be told every day that the Democratic party has no possible hope of [illegible] unless it denies itself, puts on a mask and follows Republican leadership. That is the staple talk. "A straight Democratic Presidential nominee would be simply another Democratic defeat"—that is the way they put it. But many of the rank and file prefer defeat in that way to victory in the other

The Albany Republicans claim as the result of the election there nine Republicans to [illegible] Democrats in the Common Council, that the Board of Supervisors will now stand eighteen Republicans to eleven Democrats, the election of Greene (Republican) for Recorder, and says the nominal returns make Thatcher Mayor by a slender majority, but there is the strong evidence that Judson was clearly elected, and that this can be demonstrated.

Brick Pomeroy who, to say the least, has the virtue of consistency, is disgusted with the way and turns to which the Democracy has been driven, and speaks of what was the Democratic party, as follows: "The Democracy is dead. There was a Democratic party once, but it has been opiated, drugged, poisoned, and dishonored, by the very men it helped to power. It has retreated from every field, sought refuge in every hiding place—slept in every ditch, turned its back upon principle, played with puppies and eaten the sweet seeds, until now it has sunk to calm, passive sleep"

A Salt Lake paper makes it known that a man named Kelly, Superintendent of the Little Davenport mine, is missing. If Kelly is all that is missing it will be lucky for the shareholders of the Little Davenport mine.

Still Another Testimonial from a Prominent Citizen of Greenville, Washington County.

TO THE AFFLICTED —I WISH TO STATE THAT for nine years I was a great [illegible] with Catarrh Throat and Lung Disease, bad discharges from my head, Cough, great difficulty of breathing, pains through my chest and [illegible], was growing weaker and losing flesh. Nothing [illegible] seemed to relieve me. Hearing of Doctor Aborn's great skill, I decided to try his skill in my case. On the 2d of January last I visited Portland, and placed myself under his treatment, and found immediate relief of my pain in the breast, and the difficulty of breathing was also relieved at once and I have continued to improve from day to day until now I feel quite well. I can breathe freely through my nostrils, which were [illegible] entirely [illegible]. My lungs are healing rapidly. I can now breathe quite clear and easy. I have gained about eleven pounds. My general health has been so much improved that I look and feel like a different man. I have been able to plough and do other work on my farm during the last three or four weeks without experiencing any difficulty. I am satisfied that the doctor's mode of treatment is based upon scientific principles, and calculated to cure these [illegible] after the ordinary plans of treatment have failed.

GENERAL PROSTRATION OF THE WHOLE SYSTEM

JACKSON POWELL, of Powell Valley Oregon

To the Afflicted —*To those who are afflicted that they may know where to find that great prize—Health, I make the following statement of facts concerning my case.*

For fifteen years I have been afflicted with Nasal Catarrh at times so that I could not breathe through the nostrils, accompanied with disagreeable discharges. The disease worked down into my Throat and Lungs, so that of late I have suffered with Asthma, so bad at times that I thought I could not live. I had almost a constant cough, with copious expectorations, and my whole system was prostrated. When I applied to DR ABORN last November, I did not expect to live through the winter. But thanks to DR ABORN'S Skillful and Scientific mode of treatment, I to-day look and feel like a new man. I am entirely cured of the Asthma and Bronchial Disease. My nostrils are free, appetite good, flesh solid and healthy, and I have gained *fifteen pounds* and have been able to work on my farm for several weeks past. I have had the pleasure of witnessing several remarkable cures performed by DR. ABORN, and am fully convinced that he possesses rare ability and skill in the treatment of Chronic Diseases. I heartily recommend him to the afflicted.

MONDAY MORNING APRIL [illegible]

Recruits and Commanders

We are told by the [illegible] of the Liberal Republican [illegible] of the Democracy [illegible] that they are partial [illegible]. That paper ad[illegible] [illegible] come in as recruits, not as commanders [illegible]. These [illegible] words perhaps relieved the Democrats [illegible] by such protestations. The [illegible] that there can be no co-operation [illegible] the parties named except on [illegible] terms which the *Herald* thus spurns in advance. If any nomination for President is made at Cincinnati the nominee will be a Republican rather a person who has always act[illegible] the Republican party till now. Democrats will have no part whatever in making the selection. They can only have the [illegible] of the alliance by falling in with it at the command of those who lead it. The Democracy will not have the co-operation of the Cincinnati people, but the Cincinnati people will have the co-operation of the Democracy. The "Liberal Republicans" will be the generals, the Democracy will be the common soldier.

See how absurd it is to say that the bolting Republicans must come into a Democratic alliance as "recruits, not as commanders." The nomination of a candidate at Cincinnati and the necessity amounting to compulsion of the Democrats supporting him or relinquishing the hope of the alliance are facts which make the bolting Republicans leaders and the Democrats followers. The former in all their calculations rely on the Democratic vote and expect to wield it. Will a Democrat be nominated at Cincinnati? Of course not. Then how ridiculous to speak of the proposed alliance as one in which the Democrats will be "commanders" and the other people the "recruits."

The simple fact is that if this movement is successful the whole Democratic vote of the country must be sold and transferred to effect that object. Democratic party organization must be abandoned, and all Democrats must make prodigious exertions, under the leadership of bolting Republicans, to elect the candidates whom it may please the latter to name.

New View of the Case

The New York *Times* has the following semi official statement from Washington on the *Alabama* claims: "It is now very generally understood here that Government persists in maintaining its original position for the sole purpose of securing arbitration. The principles involved and the magnitude of the question are great. The gain to be obtained by its decision has seemingly been overlooked in the discussion of the case. A discussion disallowing the claims would really be of more advantage to this Government for future emergencies than any award of damages, for the purpose of having this principle arbitrated and settled for all time to come, so that it might be a precedent in future complications. There is no doubt but that this Government would consent to waive any payment of money damages that might be awarded in case of possible decision averse to England."

A Trick of Grover's.

Gov Grover in his assertions the other night relative to the facts contained in Mr McCully's affidavit concerning the Locks bill, very cunningly endeavored to mislead his audience by telling only part of the truth. He described the first proposition of the P. T. Co to build the Locks and showed wherein it differed from the present law, but he failed to say anything about the proposition of that Company to build the Locks exactly in accordance with the provisions of the law as it finally passed, except to insert the words "People's Transportation Company" instead of the name of the company which finally got the franchise, and the sum of $125 000 instead of $200,000. Such demagoguism might do to gull some Democrats, but observing men of all parties can see through the trick.

Of the "great meeting" at Cooper Institute, New York, in support of the "Liberal" movement, of which the telegraph has told so much and the Democratic press much more, the New York *Herald* in its report of the affair, written from observation on the spot, says: "All the political outs and soreheads were on hand in the corridors, on the platform and in the body of the hall, and acted sometimes out of all order and most inopportunely, as *claquers* to the speakers. There was a very noticeable absence of influential citizens on the platform, which was altogether given over to old custom house men and ex-officials doing nothing in particular at present, but waiting for something to turn up in the good time coming after the Cincinnati Convention."

No intrigue resulting in a trade between two political parties ever failed to result in corruption. The proposed union of Democrats and Republicans in Cincinnati or anywhere else would not prove an exception. It would render a division of the spoils necessary, and where would be civil service reform which is one of the planks of the proposed fusion? It would be but a crazy scramble for office such as this country has never seen. A political fusion of two such antagonistic elements would produce a fermentation in the dirty waters of the political pools which would throw their filthy scum all over the country.

A man who listened very attentively to Gov Grover's speech the other evening remarked that he was much astonished at not hearing anything at all about the Chinaman as he heard the same speaker four years ago when his whole stock in trade was the abuse of poor "John" and the Republican party for bringing him here.

Grover's speech on Saturday evening was largely devoted to laudation of the energy of [illegible] and Gilfry in the management of State lands. The subject of swamp lands and their management, the thing really vicious and objectionable, was however studiously avoided.

The Boston *Advertiser* says that Mr Sumner's open opposition to the Administration is deeply regretted in Massachusetts, and is not followed even by those who hold him in the highest respect and entertain the most profound admiration for his character and life.

Mr Wilson rejoined Mr Burnett at Roseburg, and the canvass by the two candidates recommenced at that place. A further list of appointments will be found in another column of this paper to-day.

Washington County

The Republicans of Washington county have nominated the following ticket: Representatives, George H Collier and Thomas [illegible]; Sheriff, Charles T Tozier; Clerk, W. I. Pittenger; Commissioners, Samuel [illegible] and Robert A Carpenter; Assessor, B. F. Pierce; Treasurer, Ivor Johnson; School Superintendent, Alexander J Anderson; Surveyor, Columbus [illegible]; Coroner [illegible].

[illegible] the Republicans of Washington county [illegible] united Republican party [illegible] Its election [illegible] Washington county [illegible] which will certainly [illegible].

The Yreka *Union*, speaking of John Burnett, County Judge of Benton, says: "As an eloquent pleader at the bar he has but few equals." Those who have heard Burnett will think this a piece of sarcasm which Mark Twain could hardly beat. Legally speaking, an eloquent pleader at the bar is an absurd phrase, but perhaps the *Union* was speaking liquidly and if so perhaps truly.

Jasper Johnson, who has gone to Cincinnati as a delegate, pretends to have five proxies. Some of those persons whom Jasper has thus pocketed and carried off, as we know and can prove, refused to allow their names to be used, being true Republicans and supporters of Grant. But Jasper took the names nevertheless. This is a very low species of larceny.

From all parts of the State information reaches us of the general celebration by the Odd Fellows of the fifty third anniversary of the establishment of their Order in America. In most localities the exercises consisted of a procession, picnic and oration. As far as we have heard all passed off satisfactorily.

In launching the steamer *Shoshone* at the Dalles a few days ago, a hole was accidently punched in her side which caused her to sink as soon as she struck the water. Mr Holland, the master mechanic of the job, had her out of the water in two days and in two days more the repairs were all made and the *Shoshone* was riding the water like a thing of life.

From the McMinnville *Westside*: The surveying party of the Westside railroad having completed the location of a permanent line from Cornelius via Laughlin Gap and North Yamhill to the main river at the A C Martin place, have crossed the river and are now camped at Mrs Armstrong's farm. The Dalles *Mountaineer* says: On last Monday morning as the stage en route from this place to Canyon City, with seven passengers, Rev Thos Condon, O S Savage, George Chamberlin and four Chinamen, was going down the Deschutes Hill, the horses ran away and upset the stage. Mr Condon was the only one who sustained any serious injury; his collar bone was broken and he seemed to have also received internal injuries. The other passengers escaped with a few slight scratches.

From the Olympia *Tribune*: Shippers by the Victoria route will find it indispensable that invoices in duplicate accompanying the goods—one copy for their own use and one for the customs officials. Inattention to this matter causes either the detention of the goods or the surrender of their only invoice.

From the Helena *Gazette*: Thus far the present season has been very eccentric—different from any we have had in Montana. Winter came accompanied with a great deal of snow and ended in February. March was as pleasant as springtime. Now however in the middle of April we have regular March weather—north and west wind and snow squalls. Farming is backward, but it is to be hoped that a change for the better will soon set in.

The Owyhee *Avalanche* of Silver City, Idaho, says: Our mining situation is very flattering. Since last week's report there has been no deterioration in any single one of our mines, but on the contrary there is daily being discovered more first class mineral than since the palmy days of 1863, when the Golden Chariot produced so much bullion and paid so many regular dividends—taking the lead of any mine on the Pacific Coast for the number of hands employed. And we are of the opinion that the bullion yield of War Eagle Mountain for 1872 will far exceed that of any previous year in the history of our camp. We deem it safe to say that this summer will be the most prosperous that Owyhee county has ever known, for in our mines, rich ore in seemingly exhaustless quantities has been discovered—there being enough in sight to keep most of our mills running to their utmost capacity.

Still Another Remarkable Cure

SAN FRANCISCO, [illegible] 10, 1871

DR A M LOBYEA & CO—For two years I was afflicted with Rheumatism and tried all the known remedies, but experienced nothing more than a temporary relief, the disease always returning. Some time since I was induced to take your **Unk Weeth Remedy** and the result was a Speedy and Permanent Cure, the Rheumatism being entirely eradicated from the system. The U W R is also a Tonic of the very highest order. It increases the appetite and invigorates the body. I cheerfully bear testimony to its good effect upon me, and feel sure that it will do all you claim for it.

Very truly yours,
J W TRIPP

PLANTATION BITTERS!

S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates tropical temperate or frigid it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

Indians vs Missionaries —The Oregon Churchman says Bishop Morris of this city has lately received a contribution of $10 for his missionary work, from the Indians of the Santee Agency, in Nebraska It was their Epiphany Missionary Offering, and at the request of their Minister, the Rev Paul Mazakute it was to the Oregon Mission This is the first time these our Indian brethren have contributed of their poverty toward missionary work in this field

A Libel —Oregon journals are prone to make many disparaging comments on the climatic tendencies of Webfoot but now comes the Chicago Times and vilifies us thusly They say that the sun only shines once in forty seven days in Portland Oregon and that that happy occasion is used as a general washing day If that is the case the masculine population is probably in favor of having no sunshine at all Oregon now hath found a tongue

California —The steamer California John Hays, Master reached this port from Victoria and Sound ports yesterday at 12 o clock M She brought the following passengers C Booth Carey, Mrs Jennie Tucker Jas Milne, Jacob Handle Mrs Garridge and child A T Jin W Perne A D Segnero Mrs H Smith Miss S Brotherton, Miss Carrie Ohlesen Mrs C Ob on and 4 children, W L Hoffercamp

Extinguished —For several nights past we have observed that the lamps on some of the back were extinguished at an early hour or else not been lighted at all Our city at best is supplied with light, and all the should be kept brightly burning Pedes require all the light possible and we hope matter will be looked into and promptly rec tified. Let there be light

Wallamet Bridge —The Washington correspondent of the Eugene Journal says Col Chapman will start home in a few days and will take plans for the bridge across the Wallamet at Portland, approved by the Secretary of War and will have such arrangements completed as to insure the raising of the necessary funds—$250 000 or $300 000—for the completion of the bridge at an early day

Injury to Fruit —From a private source we learn that the fruit prospects of Lane county have been materially injured by the extremely severe frosts of the past week The peach producing portions of that county have sustained considerable damage from the late frosts Our informant estimates that not more than one half the usual crop of peaches will be gathered in consequence

GROVER S RECEPTION

On last Saturday afternoon the public ear was greeted with sweet harmony of strains which proceeded from the East Portland band Inquiries soon ascertained what the proceedings were for His Excellency the of the Possum s was to return to the city from Eastern Oregon where he had been his dear people that see with much about who be and they did He was expected on the Dalles boat and had been announced to deliver his speech at the Court House His Democratic friends had resolved that the Executive of the State should be received with proper honors on his arrival at the wharf The went the docks but found one that the boat would an hour A cold cutting breeze swept there with such force that the corps equal friends found that it their already dejected spirits they shivering for a hour of the squad propped round the Cosmopolitan Hotel and Mr did his best to fire up their enthusiasm seemed to lag a little behind the emergency of the occasion The starting proposition was received with a shout from all sides and the squad started back in great disorder So soon as the band the bar room Page mildly yelled out us D No sooner had the tr away than Joe Teal sweet duck pulled out a handful of money and distributed it among the saying that his name wasn't but he could come down as well as that when it was necessary Turning to the crowd he said Don stand gaping there b yes but come up every mother s son of you and let us all take something A grand rush was made as free drinks at Joe s expense was something new Some fellow proposed three cheers for Teal but just at that juncture all were guzzling and nothing was heard from the proposition farther than a feeble gurgle

Let us go for Grover some one shrieked and a big rush was made The band was again reformed and started for the wharf A hack had been provided to bring the Governor to his lodgings The Reception Committee seated themselves on the cushions and sung out to the driver all right go ahead Let us glance at this committee There was Bob Laid the sheep hearted Lion of Linn Joe Teal the poor man s friend the man of massive frame and asinine qualities and the benign Page Ladd looked a little more solemn than usual and could not be called a jolly Ladd Helm looked unusually tame and his countenance was a compound of serio comic with enough chagrin mingled to make it look dignified Page had that peculiar sickly smile which is so bland and child like —it being a little beyond the fourth hour of the day Teal—that water fowl—looked swimmingly as though he could pass the Lock and Dam without ruffling his plumage A short time after reaching the dock the boat was seen gracefully rounding the corner with Grover standing in front as a figure head A most feeble and excruciating cheer rose from three or four throats as the vessel touched the wharf The cheer was so sickly and the crowd so slim (there being about fifteen souls present besides the band and a few Chinamen) that Grover did not seem to like the situation of affairs For that or some kindred reason he would not take a seat in the carriage but preferred to walk and lean on the muscular arm of the poor man s friend The procession headed by the band filed away up street It was about twenty five feet in length, and was composed of the Police Commissioners attaches of the Herald establishment and a small sprinkle of others who consented to fill up the depleted ranks for a half dollar per head What feelings of diversion one might experience at witnessing the ludicrous farce was effectually displayed by the solemn and mournful express on which each processioner wore It was such an acute indication of sorrow that would strike the most callous heart with a feeling of commisseration The cortege stopped in front of the Cosmopolitan Hotel and after a ghost of a cheer and a shadowy show of enthusiasm the crowd adjourned to the bar room to revive the inner man and draw a little spiritual consolation from crooking the pregnant hinges of the elbow Thus endeth the Grover whangdoodle reception party The band don t play any longe

AMUSEMENTS

An Evening in Yankeedom —A regular old fashioned down-east Yankee entertainment will be given by Nonpareil Lodge, I O G T, at their hall on Monday evening the 29th inst Mush and milk, baked beans etc will be served by ladies and gentlemen dressed in Yankee style No admission fee will be charged at the door Good music, readings etc illustrative of Yankee eccentricities will enliven the occasion

Nearly a Serious Accident —As the cortege attending the funeral of the late Mrs E B Hill was on the way to the cemetery yesterday an accident occurred in East Portland which fortunately did not result in the death or fatal injury of any one The procession, when in motion was suddenly halted for some reason, without due notice to those behind being given A jam among the teams and vehicles was the result Two teams reared up suddenly and swerved to one side The motion was so violent that the two carriages attached were capsized and the occupants hurled to the earth No one received but a few scratches except a daughter of Thomas Burk the policeman who was severely bruised On occasions of that kind great care should always be observed in starting or stopping the procession as a little negligence in this matter frequently results in runaways and accidents to life and limb

An Editor as Chaplain —On Saturday last a funeral procession of carriages filled with Chinese was seen wending their way along Front street and on the ferry boat Just in front of the hearse which contained the remains of the defunct celestial was our friend Mart Brown of the Albany Democrat in his buggy A curious bystander seeing that Mart was leading the procession inquired if the Chinamen employed white chaplains at their funerals We told him No not as a general thing but perhaps as Grover had buried the Chinese question Brown was going to help bury the Chinaman

Rightly Served —Three courtesans of Second and Third streets were arrested and lodged in jail yesterday for loud and boisterous language toward each other They will be arraigned this morning and receive condign punishment for this infraction of the ordinance Such open shameless proceedings ought to be punished to the severest extent of the law

Necessary Improvements —New gates have been swung at each end of the Stark street ferry boat We are pleased to note this improvement It was much needed Heretofore there has been nothing to prevent teams when becoming unmanageable from backing off into the stream Accidents of this kind are very common

Special Services —Says the Catholic Sentinel Next Tuesday evening being the eve of the month of May specially dedicated in honor and devotion to the Mother of God services will be held at the Catholic Church at o clock and every evening except Sunday during the month

Traveler s Guide —The Traveler s Guide, and Oregon Railroad Gazetteer is the title of a neat little book just issued from the press of L Samuel General Advertising Agent The work contains pages of useful information to travelers It is to be gratuitously distributed

Cut —One of the contractors at work on the tunnel leading from Couch s lake to the river severely cut his hand on Saturday evening while engaged in smoothing the cap of one of the uprights for the tunnel with a small hatchet

Webfoot —The barkentine Webfoot having completed discharging at Alameda that portion of her cargo which belonged to the Northern Pacific Railroad came up yesterday to discharge the remainder at the east side wharf

 —The telegraph announces that money W passed Ogden yesterday en route for the He will probably arrive on the steamer which will sail from San Francisco next Saturday

In Jail — Miller who was arrested by Sheriff Turnbull at Eugene on a charge of is now in jail at Vancouver He is held to await the action of the District Court at its next session

Snow Storm —A genuine snow storm of five minutes duration visited this lower world yesterday morning at an early hour This is sufficient to puzzle the oldest inhabitant

More Logs —An immense raft of several thousand logs was towed up yesterday by the tug boat Ben Holladay

KENT MILLS ENVELOPES—200 KINDS—FOR Sale to suit by C C BARRETT, Agent
9 Front and 5 Washington street

Darwin Eclipsed

Mr F W Montieth furnishes the following as the tradition current among the Nez Perce Indians as to the origin of their nation and says The Nez Perce Indians hold to the doctrine that all the various tribes of Indians sprung from the lower order of creation The peculiar process of development, or metamorphosis, by which they have attained to their present state they are cunning enough not to disclose or attempt to philosophize upon —passing over a long period of transition and becoming full fledged sturdy sons of the forest in a moment of time

THE TRADITION

Thousands of years ago there existed an animal of immense size way off in the north west of the country now occupied by the Nez Perces It was the largest of all the animal creation and was known as the *Ils-wau-tsh* This animal's greatest propensity was the devouring of every living thing it came across His voraciousness was so great that lizards and reptiles of all kinds and sizes, bears wolves and animals of every description at one gulp would disappear in the depths of his capacious maw At the same time existed the cayote, or "little wolf" noted for his cunning, and recognized as chief among, and by the other animals they looking upon him as at some future time to work out for them a great deliverance

Little Wolf had heard of the tremendous slaughter the "Ils-wau-tah was making among the other animals, and determined to put a stop to it To this end he girded on his armor, which consisted of two ropes made of wild hemp, quiver made of bear skin some tinder, and knives of flint, all of which he concealed under his fore leg, and being fully equipped, he started out on his perilous mission

After traveling for many days, and over a great stretch of country Little Wolf descried the 'Ils-wau-tah'' in the distance and immediately prepared for the conflict Taking the two ropes, which were miles in length, he fastened them to a cord of sinew which was about his body, and the other ends of the rope he had fastened, by his single aid he had along with him, to two trees a long distance from each other.

By this time the "Ils-wan-tsih ' was within hearing of Little wolf. Little Wolf howls out, "Come on, old 'Ils-wau-tsih, and prepare to die, for I am going to slay you'' and he came, and the battle raged with considerable violence for some time, Little Wolf getting in some very good strokes now and then but he was finally compelled to abandon an active, offensive fight, and resort to cunning and operate on the defensive The old fellow had, however, swallowed Little Wolf, having him part way down, when the ropes and sinew girth prevented his going down entirely. The old fellow stamped about and howled fearfully, and declared I will swallow Little Wolf " Taking a long breath he made a huge effort—the girth was broken and down went poor Little Wolf After resting a short time, he made a tour of the belly of the old fellow and found all kinds of animals and reptiles therein, which had been carrying on a kind of internal war among themselves Feeling somewhat hungry, Little Wolf takes one of his knives and cuts a piece of fat from the heart of the beast and warming it with ignited tinder, devoured it and then counsels obedience among the other inhabitants, and promises a speedy deliverance from their prison. He then cooked a meal for his fellow prisoners and takes a piece of fat from the heart of the beast and rubs the wounds and sores of his fellows, which heals them. He then says to them you are my subjects, and it is now time to get out of here In taking the fat from around the heart, I have struck the fellow a death blow " Proceeding with his work, he caused the old fellow to howl tremendously

He writhed and kicked and tried to eject and throw up his "supper," and they came from his nose, ears and mouth all fled out but the Little Wolf. The old fellow tried to rid himself of him, but Little Wolf did not propose to leave until his mission was accomplished. The old fellow declared that he'd eject him, but, failing in the attempt, rolled over and "gave up the ghost. ' Little Wolf, after the fellow died, walked out and collected together his companions to help skin the beast and cut him in pieces They took the meat from the bones and had a right hearty meal They then divided the skin between each other. The bones were then taken and scattered to the uttermost part of the earth, and an allotment of land was made to each of the delivered ones, which they were to take as their country, and they would all be changed in the twinkle of the eye, and they would find a race of people would spring up from the bones of the beast, in all respects like unto them. "But, said the fox, "you have reserved nothing for yourself " Little Wolf called for water. His paws were yet dripping with the blood of the beast He dipped his paws in the water and scattered the blood and water over all this country occupied by the Nez Perces, saying, "From this shall spring a people to inhabit this land with me '

Little Wolf became transformed into a Nez Perce Chief, and a tribe sprang up around him

Little Wolf had come from beyond the mountains, and fought this great fight, and effected this wonderful deliverance on the grounds between the south fork of Clearwater river and Camas Prairie.

The Nez Perces being somewhat diminutive in size is accounted for by reason of their coming from the leavings created out of the fag ends of the beast, but what they lack in stature they claim they more than make up in intelligence and cunning, taking after their illustrious progenitor, Little Wolf Thus ends the tradition.

This tradition published in the Idaho *Signal* was given to Mr Montieth by 'Ta-wish-wat" (Joseph) and "Hol-lol-ho sote (Lawyer,) the Head Chief and Ex-Head Chief of the Nez Perces, through P B Whitman, Esq., Interpreter, and in reply to a question from him put to them as follows From whence originated the Nez Perce Indians?

A Farce Abandoned

A New York dispatch of April 22d, gives the following -

At a meeting of the delegations to the Columbus Labor Reform Convention, from New York, Massachusetts, New Hampshire and Connecticut, held this evening, resolutions were adopted denouncing the vacillating course of the committee appointed to tender nominations to their candidates for President and Vice President. It appears that the committee has not yet tendered the nomination to Parker, who has been ready, upon notification of the committee, to present his views at length It is said that Parker endorses the platform entire, and would accept the nomination on condition that the National Democratic Convention endorses him The above mentioned delegations refuse to send representatives to the meeting of the National Executive Committee called to meet in Cincinnati April 27th. They claim that the whole action is a sell, and say they will not lend themselves to it, or consider the action of the committee binding. Letters were received from delegations from other States, and from Presidents of State Labor Unions, endorsing their course. Influential members of these delegations privately express the opinion that the whole Labor Reform movement, so far as the National ticket is concerned, should be entirely dropped.

FORGIVEN TOO LATE —A very sad case has just occurred in Boston Some years ago a wealthy young lady of Newport, Rhode Island, married nominally beneath her station. Her parents disinherited her She and her husband went to Boston, where a series of misfortunes encountered them, ending in his prostration with a fatal but protracted illness. She was compelled to take in sewing to support herself and husband Her work was so very fatiguing that she took opiates to relieve her pain and exhaustion. Last week she was found dying from an overdose of laudanum. Her husband died the same day, and the very day before they died, but too late for either of them to know it, a dispatch arrived from her parents announcing a desire for a reconciliation and urging her to write them immediately, letting them know of her welfare, etc.

A Fashionable Prayer

Strengthen my husband and may his faith and his money hold out to the last

Draw the limb's wool ov unsuspicious twilight over his eyes that mi flirtations may look to him like viktorys and that mi bills may strengthen his pride in me

Bless oh Fortune my krimps rats and frizzles and let thy glory shine on mi paint and powder

When I walk out before the gaze of vulgar men regulate mi wiggle and add grace to mi garters

When I bow's mi self in worship that I may do it with ease and elegance and preserve unto the last the lily white of mi flesh and the taper of mi fingers

Destroy mine enemies with the gaul of jealousy and eat them up with the teeth of envy all who gaze upon me

Save me from wrinkles and foster my plumpness

Fill both mi eyes oh Fortune with the plenty poison ov infatuation that I may lay out mi victims the men ez dumb ez images graven

Let the lily and the rose strive together in mi cheek and may mi neck swim like a goose on the buzzem of krustl water

Enable me, oh Fortune to wear shoes a little smaller and save me from all korns and bunyons

Bless Fanny mi lap dog and run down bezems of destruction upon those who would hurt Hector mi kitten

Smile oh Fortune most sweetly upon Dick mi canary an watch over with the fondness of a mother my two little lily white mice with red eyes

Enable the poor to shirk for themselves and save me from all missionary beggars

Shed the light of thy countenance on mi kamel's hair shawl and lavender silk, mi point lace and my necklace ov dimonds, and keep the moths out of mi sable I beseech thee oh Fortune —*Josh Billings*

UNFORTUNATE PREDICAMENT OF A POOR DEBTOR —A bill to amend the Poor Debtors' law discussed in the House yesterday, shows a singular state of things—almost as bad as the pictures of English Marshalsea places of confinement The amending bill was suggested by the case of John Dennis, now lying in Charles street jail, a prisoner for debt unless the Legislature acts on the matter, or a forcible release is made must remain there for life He was arrested for debt, but, in an examination as to his power to take the poor debtors oath fraud on his part was discovered, and he was sentenced to thirty days in jail He served out his time and again applied to take the oath which was administered to him in the jail Sheriff Clark declined to release him on the ground that he had forfeited his rights under the law by such imprisonment The Supreme Court sustained the Sheriff and the prison gates seemed sealed against the poor debtor for life The amending bill, started on its passage in the House yesterday, will probably set the prisoner at liberty —*Boston Times, April 6th*

Gen Sigel who is too well known in Missouri to need an endorsement and who has many friends here who are just as willing as ever to fight mit Sigel, has no idea of being carried around in Schurz's breeches pocket A recent New York letter says Senator Schurz's efforts to alienate the Germans from the President have not been successful in this quarter Gen Sigel is a warm friend of the Administration, though he holds no office under it He has done all in his power to neutralize Senator Schurz's endeavors, and the Germans in New York are with him Schurz's complete breakdown in his efforts to prove that the administration sold arms to the French Government has placed him in an unenviable position before his own countrymen He has been set down as a dangerous mischief maker, who to gratify his personal revenge, would if possible involve his adopted country in war with his native land —*St Louis Democrat*

EMIGRATING VIRGINIANS —Under the caption " Unfilial Virginians, ' the Wytheville (Va) *Enterprise* says Few persons, we imagine, have any idea of the extent of the exodus from our borders that is now going on About two weeks ago a party of thirty, from the county of Grayson, took the cars at this place bound for Oregon On Tuesday last another party of eight from the same county, left our depot for Missouri, and the depot agent a day or two ago received a letter from another party of thirty five in the same county, inquiring the rates of through tickets to Iowa, making in the last two weeks upwards of seventy individuals leaving one county alone A colony, we learn, is now being formed in Washington county, with a view to settlement in Colorado And every few weeks we hear of persons leaving our own county for Texas, California, Kansas, and other Western States Can nothing be done to check this tide ?

The bark *Belfast* when she completes discharging her cargo will probably go to Coos Bay and load with coal for San Francisco

The *Helen W Almy* will complete her cargo by Monday evening

Considerable freight was refused at the wharf on Saturday by the *Oriflamme*

We are not informed whether or not the bark *Jane A Falkinburg* will be laid on for Honolulu immediately following the discharge of her inward cargo

The steamer *California* arrived from Puget Sound and Victoria on Sunday morning

Steamship *Oriflamme* sailed for San Francisco from this port this evening with a number of passengers and the following freight bls wool 1 563 sks wheat 1834 qr and 2 850 ½ sks flour 80 cs salmon 5 cs bacon 49 hf bbls dr apples 56 kgs dr apples 248 bxs apples 60 bxs eggs, 36 cs mdse 11 cs do 34 dry hides 491 green hides, making a total of 450 tons

An illustration of the extreme following is to be seen "in the condition of the Copper and Wool markets Less than three years ago both these articles were selling at prices which hardly paid for cost of production while now they command unusually remunerative rates Copper has advanced over 100 per cent in less than six months, and Wool is from 40 to 50 per cent higher than it was last year Some New England manufacturers have contracted for Wool on the sheep's back in the Western States at 75 to 80c It is noteworthy that both Copper and Wool are selling at relatively higher rates than their products, but time will restore the equilibrium

2 That the success of the present National Administration in reducing the public debt .... equalizing taxation .... affairs with .... foreign .... favor protecting the nation's .... against the .... maintaining friendly relations with .... been such as to command the approval .... the great majority of the American people .... the confidence .... 3 We regard the payment of our national debt in full compliance with all legal obligations to all our creditors everywhere and in accordance with the true letter and spirit of the contracting .... question .... issue but that we may be clearly understood we denounce all forms and degrees of repudiation of that debt as affirmed by the Democratic party and its sympathizers as not only national calamities but positive crimes and we will never consent to a suspicion of lack of honor or justice in its complete satisfaction

4 We admit of no distinctions between citizens whether of native or foreign birth, and therefore we favor the granting of full amnesty to the people of those States lately in rebellion and we hereby pledge the full and effective protection of our civil laws to all persons voluntarily coming to or residing in our land

5 We favor the encouragement of railroads by the General Government of the United States, and hold that such disposition should be made of the public lands as shall secure the same to actual settlers only in quantities not exceeding 160 acres

6 That while we are in favor of a revenue for the support of the General Government by duties upon imports, sound policy requires such adjustment of those duties on imports as to encourage the development of the industrial interest of the whole country and we recommend that policy of national exchange which secures to the working men liberal wages to agriculture remunerative prices to mechanics and manufacturers adequate reward for their skill labor and enterprise and to the Nation commercial prosperity and independence

7 We believe that a popular education is the sure true basis and hope of a free government, and shall ever oppose any diversion of or interference with the common school funds or lands in this State for any other than their legitimate purpose and we condemn .... of favoritism by the last Legislature whereby two hundred thousand dollars taken from the school fund were granted .... corporation consisting mainly of Democratic leaders and party favorites for the construction of .... work which another corporation .... offered to do .... for seventy five thousand dollars less and that we are in favor of the passage by the Legislature of an efficient school law such as shall secure to all citizens of our State a good common school education

8 We .... unqualified disapproval of those acts of the last Legislature whereby the swamp lands belonging to this State have been .... from the needy settlers and given .... when .... the .... was .... the .... office .... and .... and we equally condemn the administration of State affairs and laws as extravagant reckless, illegal and destructive and wastefully bargained .... acts of the Democratic party

13 That the Republican party of Oregon is in favor of .... the construction of a wagon road from the city of Portland to the Dalles recognizing this as a most important and necessary improvement for the State
